EMMA TUNBRIDGE & CHRIS KERGER

24 MARCH 2007

THE WORLD FAMOUS ROLLING GREEN COUNTRYSIDE OF THE CHARMING COTSWOLD AREA IN ENGLAND WHERE EMMA GREW UP, WAS THE INSPIRATION FOR CHRIS AND EMMA'S WEDDING.

THE STYLE

GARDEN GLORY

A cool change brought rain only moments before the ceremony and so created a suitably crisp, British atmosphere in the green garden setting.

Emma's silk, lace and organza dress was an elegant calf length, she didn't want anything heavy and was pleased to show off her pretty shoes. EMMA SCOTT was a bridesmaid along with the bride's sister CLAIRE JEFFREY who came from England with their mother CAROL TUNBRIDGE, she gave Emma away.

ISABELLA MONROE shown with Emma, was a flowergirl with her twin sister.

THE STYLE

Emma is a performance artist, she combines her gymnastic talents with contortion, and comedy; Chris is an importer of high end home accessories.

It was a whirlwind romance for them, Chris proposed six months after they met on a ski lift gondola in the snowy French Alps aboveT hollon Les Memises with aDinosaur Designs ring; the real ring was being made in Sydney.

On the wedding day, a vintage Mercedes belonging to bridesmaid Emma's partner CRAIG PEARCE was suitably stylish. With 50 guests from England and across Australia, many made a weekend of it at Woodbyne.

berries and blooms
Perfumed tuberoses and hyacinths teamed with magnolia foliage and berries brought the beauty of the country garden indoors. Emma and Chris had a creative epicurean spin on the traditional wedding cake. They decided to have a cheese table instead. Emma says they felt cake after dessert was too much, so three wheels of cheese were offered, Brie, Stilton and Cambozola surrounded by a selection of figs, seasoned grapes and lavosh. 'We love our cheese, our families do as well' Emma says. The cheese was a huge, storm of a hit.
